

Please Be Aware

FEFPA has been made aware that service providers have contacted a number of individuals who are attending our conference, and either (a) offered to assist in securing hotel accommodations or (b) stated that because the official Event venue has been overbooked, they will locate alternate hotel accommodation (for an additional fee), or (c) stated that they are able to sell copies of the attendee list. Please note that they do NOT represent FEFPA, nor have we authorized them or anyone else to contact attendees on our behalf.

Fraudulent providers that have been identified include, but are not limited to:

Conference Connects
Exhibition Housing Management
E-hoteliars
PROGRESS EXPO SERVICES
Campaign Propellant
Leads Pioneer
OPS

To Be Safe:

Event Attendees should not share any personal information, including credit card information, with these groups and should follow the booking instructions on the FEFPA.org website to make all hotel reservations.

Booking with unknown service providers exposes you to the risk of incurring fraudulent credit card charges as well as not actually having a valid reservation for the event.

If you are contacted by a fraudulent service provider please be sure to inform us at registration@fefpa.org.
